

Large Parties at Alice at the Village

Due to Covid19, the new health regulations stipulate that a restaurant can't provide service for a table that sits more than six (6) people.

The new regulations also prevent us from allowing a gathering of more than six (6) people near a single table.

With these new regulations, Alice in the Village is not be able to accommodate parties larger than six (6) people.

We are also not allowed to combine tables or split parties across separate tables.

Please help us to comply with the rules and not make two reservations.
It places us in a difficult situation.

Thank you for understanding.
